Ispianyour colors

Every patriotic home in America will want to put up this emblem!

Our valiant fighting men . . . soldiers, sailors and marines . . . on every far-flung battlefront are on the attack . . . forging ahead steadily, relentlessly. Nothing on earth can stop them . . . IF WE BACK THEM UP! Backing them up means throwing every dollar we can possibly spare into the fight right now...even if it takes

That's the purpose of this 4th War Loan Drive. To earn the right to display the 4th War Loan Emblem you must invest in at least one EXTRA hundred dollar Bond (at a cost of only \$75) ... over and above your regular War Bond subscription. But don't stop with one! Invest in all the extra Bonds you think you can afford . . . then invest in some more!

Remember, every dollar you put into War Bonds does double duty. It helps to win the war . . . and at the same time it insures your own financial security. Here, too, is a chance to help your company meet its quota in this 4th War Loan.

Maybe this will mean sacrifice on your part. Maybe it will mean doing without something you want. But don't forget . . . while you are only lending a few spare dollars . thousands of our gallant fighting men are giving their lives for you! Show that you're backing them up 100%. Invest in extra War Bonds to the limit of your ability. And display the 4th War Loan Emblem at home!

BUILD YOUR FUTURE WITH THE WORLD'S SAFEST INVESTMENT

FAMILY RESERVE

INSURANCE COMPANY (Formerly Luquire Insurance Co.)

MORE THAN TRIPLES IN SIZE IN

3 YEARS!

During the past three years, Family Reserve Insurance Company (formerly Luquire Insurance Company) has more than tripled in size. Such rapid growth indicates strong public confidence and aggressive, efficient management.

Since a company's strength is not necessarily measured by its size but rather in terms of its ability to pay its obligations as they arise, it is significant to state that according to a report of the "Insurance Index", Family Reserve has one of the largest ratios of assets to liabilities of any insurance company in the United States or Canada.

If You Have No Family Reserve Policy—INVESTIGATE!

Local Offices And Representatives Are Maintained In Every Section Of Alabama

During the past three years, Family Reserve has made the following progress:

★ Reserves for protection of policyholders have increased (legal reserve, capital and surplus) 364% to a total of \$1,580,000.00.

★ Number of policyholders has increased 140% to a total of 210,000.

★ The annual income of the Company has increased from \$847,000.00 in 1940 to a total of \$1,518,000.00 in 1943.

* Assets have increased 349%. * Investments of policyholders' reserves and surplus during this period has amounted to approximatel \$1,300,000.00.

Of the company's total investments during this period, \$1,178,000.00 has been invested in United States War and Treasury Bonds and mortgage loans, all of which contribute to the war effort. Family Reserve has financed one entire housing project in a housing-shortage area, and has made commitments to finance two other housing projects. Family Reserve policyholders, therefore, may have the satisfaction of knowing that the premiums they deposit with their Company are very materially contributing to the war effort.

It is with a deep sense of gratitude and responsibility that we make this report to the people of Alabama—grati-tude for the loyalty, friendship and confidence of our fellow citizens; proud responsibility for and in the maintenance of the principle upon which this Company was founded and is operated—one standard, the highest in service and financial responsibility.

TODAY, the 18th of January, America's Fourth War Loan starts. It is the largest of all war loans in terms of individual partici-

We have just entered the crucial year of the war, a year of destiny, a year that promises to decide how good or bad a world we'll

have to live in all the rest of our lives. And the world is wondering

how deeply we mean it when we promise our men we'll back their

attack, and when we promise our Allies we'll stick with them not

only through the winning of the war but through the winning of

The Fourth War Loan is the home front's first big test of this new and vital year. It will take unity and determina-

tion of will of all the people to make the Loan succeed.

The need for this and other War Loans should be clear to every

American. This war is the costliest effort ever undertaken by any

country. It costs 250 million dollars each day. This is just the cost of

the war, in addition to the regular, inescapable cost of running a great

and huge country. Taxes can't take care of all this outgo. Neither

can government borrowing from insurance companies, savings banks, corporations, and other large investors. It is necessary to turn to the

people, their weekly wages, their savings accounts, the money tucked away in pantry sugar bowls, in socks, under mattresses.

This is as it should be. In a democracy, war is the business

of all the people. Some must fight, some must work and

It's the only way to raise the money. It's also the right way to

raise the money. It gives you a good place to invest the extra money you have today. It's a curb on inflation, on that dangerous bulk of

pocket money that leads to black markets and disastrous spending. It's a mattress for tomorrow, a sort of individually planned Social

the eyes of our own fighting men.

And—it is, perhaps, the most important of all War Loans. For it comes at a time when the eyes of all the world are upon us; the eyes of our friends, the eyes of our enemies,

Most of your friends away?

IF most of your friends are away now—in the service doing war jobs—don't you feel left behind sometimes? Why not get in the midst of this war. Join the WAC! You can see new places, make new friends, learn interesting things—while you are doing vital work to speed victory.

The Army needs your help
